

DATA INTEROPERABILITY

WHY IT MATTERS FOR VENDORS

88%

88% of surveyed school districts reported data interoperability as being a primary consideration in district-level purchasing of an ed-tech tool.

72%

72% of districts are planning to, have partially implemented, and or have fully implemented data interoperability

93%

93% of surveyed teachers use digital tools, but 67% of teachers are not fully satisfied with the effectiveness of the data and tools they have access to on a regular basis.

70%

A vast majority (almost 70%) of the participants in both K-12 and postsecondary report the use of technology to collect, manage, and report individual student data has increased or increased significantly in the last two years
